

PEACHAM CAFE

Since the closing of the Bayley Hazen Store in 2002, Peacham residents had been without a local gathering place for coffee, food and conversation. Several community members took on the renovation of the old Union Store, and in August 2014 the Peacham Café opened!

The Cafe is now a community hub, a market for locally-produced food and a destination eatery for people from far and wide. Good coffee, good food and good company.
